CONFESSES TO ROBBING OVER FIFTY HOMES

High School Boy Tells An Amazing Story to The Police

DAYLIGHT THEFTS CLEARED

Pawned Jewelry and Hired Autos To Play the Park of Sheik

OAKLAND, July 24.—A 17-year-old high school boy was arrested here today as the "sheik burglar" who has robbed more than fifty homes and committed thirty-five burglaries in Piedmont. The youth, Harry Newman, has already confessed, according to the police, to the fifty crimes.

The police say he calmly checked off on the list of recent burglaries all of the robberies for which he admits responsibility.

He was traced through a stolen watch he had offered as security for a rented automobile.

The arrest of Newman, according to police, brings to an end a dual career—that of a "bungalow burglar" and that of a "sheik" of the dance halls. He is said to have been financing his role of "sheik" by renting automobiles and keeping abreast of the fashions through his afternoon work as a burglar.

Attention was first directed to Newman, police state, when a report was received at police headquarters that a watch stolen from the home of J. C. Allegretti, 2145 Thirty-fifth (Continued on Page 5)

Mrs. Helen Johnson, president of the San Francisco Furniture Exchange, will be honored by the Richmond Business and Professional Women's club at a luncheon to take place next Tuesday at noon at Martin's Grill.

Mrs. Johnson, who is manager of the Schrader Furniture company, is said to be the first woman ever to hold the office of president of the San Francisco exchange.

The program for the luncheon is being arranged by a committee headed by Mrs. Tillie Brown. All members of the club are asked to be in attendance.

ALUMINUM DISCS WILL DESIGNATE TRAFFIC CURVES

The Richmond street department is now replacing the former painted lines at the curve under the Santa Fe railroad on Twenty-third street, on Cutting boulevard, and other heavy traffic places in the city, by driving new aluminum discs into the pavement. These discs are said to wear longer and be more visible than the paint.

R. M. La Follette, Jr.,
Backed by Friends to

Republican leaders are showing considerable concern over reports from Wisconsin that "Young Bob" La Follette is backed by the radicals to succeed his father as United States Senator. He is just past the age limit for Senator, having passed thirty-three, but he has been associated with his father for years, is known to the voters and to the entire Wisconsin constituency of his father, and carries the La Follette name.

K. T. Members To Be Present At Convention

James Walker and Lou Schroeder left Richmond last night for Seattle, Washington, to join in the triennial convention of the Knights Templar at that city. They are making the trip in the special train that is bearing the Oakland commandery to Seattle.

The colors of the local commandery have already been sent on to the point of the convention. This action was taken at the request of William C. Hessler of San Francisco, grand commander of the State of California, that the colors of every commandery in the State be in appearance at Seattle.

The reception for the Grand Officers of the order will take place this evening, but the convention does not actually open until Monday. It will continue during all next week, the final festivities being held a week from today.

Gee Is Taking Training Course Of Telephone Co.

Glenn Ernest Gee of Richmond is attending a general training course which is being conducted by The Pacific Telephone and Telegraph Company in San Francisco. The student body consists of a group of picked men from the various departments of the Telephone Company. During the first week of the course the executives of the various departments of the Company lectured the students on the practices of their departments. The balance of the course will consist of personally conducted tours throughout the various engineering, construction and commercial departments in order that the students may observe the multitudinous and exacting operations of the company. The course will last five weeks.

ILLICIT STILL OWNER DIVES FROM WINDOW

Raid at Fairview Discloses Elaborate System For Manufacturing Moonshine

MUCH MASH IS DESTROYED

Persistent Violator of The Law Escapes Officers and Is At Large

MARTINEZ, July 24.—Raided for the "steenth" time in recent years, S. Bardell, owner of the Torino hotel at Fairview, did at "Houdini" at an early hour this morning and while his guards stood by, but apparently little worried about the safety of their prisoner, made his escape through a rear room and disappeared.

But the aid of the county "dry" squad was the most prolific in many months. Bardell's 40-gallon still was located and destroyed along with about 50 gallons of moonshine whiskey and two 500-gallon tanks full of mash. In addition, prohibition squad Captain Clyde Laird, located an amazingly intricate system of underground tunnels, caves, pipe lines, etc., by means of which the still was kept in operation right within the city limits and in defiance of the officers and injunction of the courts against the premises.

Bardell was arrested in the act of selling liquor over the bar in his hotel and while Laird returned to examine the still and underground workings, Bardell was left in the custody of Warren Nielsen and Jerome Thorpe. Nielsen and Thorpe, believing that they had all exits from the room guarded, paid little heed to Bardell until when they returned to speak to him, the "corpus delicti" was nowhere to be seen. Neither was he anywhere to be found. He has taken "French leave" and up to time of writing had not been located. Bardell's "underground workings" are the most elaborate yet encountered by the county prohibition enforcement officers and many local residents drove to Fairview Friday to examine the system by which Bardell operated his moonshine still.

Wife Is Sued For Divorce For Bootlegging

Men have been sued by wives for divorces on grounds of being law-breakers and convicted felons have been divorced as such, but for the first time in the history of Contra Costa courts a woman bootlegger was sued for a divorce on such grounds yesterday.

Rafael Bustamante of Pittsburg is the plaintiff in the case and his wife Maria Bustamante, now serving sentence in the county jail at Martinez for bootlegging is the defendant. Extreme cruelty is the technical charge in the divorce complaint filed in the Superior Court Friday morning but the "cruelty" consists Bustamante charges, in his wife's insistence upon engaging in the illegal selling of liquor.

LAST SAD RITES HELD

Last rites for the late Mrs. Edith May Noel, former Richmond resident who passed away last Sunday in Hayward, were held yesterday morning from the Bert Curry chapel. Interment followed in Sunset View cemetery.

North America's water power is 66,000,000 horsepower.

Secretary of State Kellogg with President at
Summer White House for Conference on China

President Coolidge was photographed with Secretary Frank B. Kellogg at White Court, Swampscott, Mass., at the close of a two days' conference in which Under Secretary of State Joseph C. Drew participated. Among the matters discussed was the policy towards China.

Veale Will Head N. S. G. W. Parlors From This County

A committee of the representatives of the Native Sons of the Golden West parlor of the county met at the Chamber of Commerce rooms in Martinez to further plan for participation in the Diamond Jubilee celebration in San Francisco in September. Sheriff R. E. Veale, a member of the General Winn parlor at Antioch, was appointed assistant to the Grand Marshal, he having been appointed marshal for the General Winn parlor, which is to send a float, as will Richmond and Pittsburg parlors. It is probable that the Byron parlor will represent to costume, the Donner party. Crockett will more than likely be represented in the parade, and Martinez parlors will either have representation or will ask the Shell Company to repeat the float of the Santa Cruz beauty pageant.

F. Judson Bigelow of Antioch is chairman of the county committee and J. A. Schweitzer, of Martinez, secretary. R. E. Coats and A. T. Coats of Martinez, were also present at the meeting, as were representatives of the Native Daughters parlors of the county.

Dr. Bane Will Occupy Pulpit

The sermon at the Sunday morning service of the First Methodist church will be delivered by Dr. A. C. Bane, district superintendent for the Methodist church. It was announced yesterday by Rev. W. P. Grant. The pastor will give a short address at the evening service, which will combine the Epworth League and church forces.

GUN CLUB BEING ORGANIZED IN CITY

Local nimrods, headed by John A. Miller and Frank Wilson, are now busy organizing a gun club. By noon today, it is believed that an option will be closed for 160 acres of land in the Livermore hills. Both Miller and Wilson are old time hunters in this vicinity and declare they have never had a failure in getting a deer there. Eleven of the thirteen desired members have already signed up for the club.

Opposition to New Bus Line Being Pushed

District Attorney A. B. Tinning went to San Francisco yesterday to present arguments before the Railroad Commission against the application of the San Francisco Sierra Motor Coach Lines for a permit to operate an automobile stage line from San Francisco to Yosemite Valley via Contra Costa.

Hearing on the company's application has been held intermittently for the last three months. Arguments pro and con are expected to be concluded today and the application finally submitted for decision.

The company's application has met considerable opposition in the county outside of that voiced by the supervisors. Santa Fe employees at Richmond have protested to the commission that if the company is granted permission to operate a Yosemite stage line it would jeopardize their positions through forcing the Santa Fe to cancel several trains.

Optometrists Not Doctors Ruling Made

An optometrist is not a "doctor" or a "Dr." in California. State Attorney General U. S. Webb yesterday advised the State Board of Optometry that California optometrists cannot legally style themselves "doctors" or "Drs." in prefixes and can only add affixes of "Opt.D." or "O.D." when they are graduates of an accredited School of Optometry. Webb ruled that, for the purpose of securing business, no California optometrist may hold out to his prospective patients that he possesses "special knowledge" of optometry "as defined in the act." Optometry is defined as mechanical and not a medical science.

11 PRINCIPALS ARE INDICTED BY GRAND JURY

Defendants Will Appear In Court Next Tuesday For Arraignment

BAIL IS FIXED AT \$30,000

Grand Larceny And Violation of Securities Act Are The Charges Made

OAKLAND, July 24.—Eleven principals in the Golett oil merger scheme were indicted today by the Alameda County grand jury on grand larceny charges, and on charges of violating the state corporate securities act. Six indictments were returned on each charge. All the defendants will appear before Judge Church on next Tuesday morning for arraignment: James W. Gough, Edwin F. Reeves, Mrs. Peggy M. Reeves, Frank P. Davis, C. E. Peacock, and George Burnside are charged with grand larceny, while J. C. Coombs, L. Gernhardt, Mrs. Reeves, C. E. Spalding and George Burnside will face the corporate securities act violation charges.

Twelve counts charging grand larceny activities totalling \$15,000 were brought against the former six, and the bail of each fixed at \$30,000. An additional grand larceny charge involving \$490 was brought against Davis and Peacock and extra bail on this count was set at \$5000.

Bail for each of these indicted on the securities act charges was fixed at \$2500.

Police Inspector Bodie A. Wallman took Gernhardt into custody at the Y. M. C. A. less than an hour before the indictments were returned. He is 50 years old and an insurance salesman. L. M. Williamson of Berkeley swore out a warrant against Gernhardt last night, charging grand larceny by trick and device. He is said to have sold stock in the Golett company in Oakland, Bakersfield and Fresno.

The separate indictments were as follows:

The six persons indicted for grand larceny were charged on two counts with a \$600 larceny from Samuel S. Kenney, local automobile man, on one count involving \$1500 from Jennie L. Pine, on nine counts involving \$12,000 from Herbert M. George, while Gough, Reeves, Davis and Peacock were indicted on a further count involving \$490 from L. M. Williamson. The total number of counts against all the defendants are 111.

TEN DAY BRIDE IS SURPRISED TO FIND HUSBAND IN JAIL

Mrs. N. Ortiz, bride of ten days, learned for the first time yesterday that her husband has been in the county jail at Martinez for three days facing a charge of petty larceny for theft of seven sacks of garlic from the San Ramon ranch of Will Meese. Mrs. Ortiz was informed of her husband's incarceration yesterday by Deputy Sheriff J. M. Joseph. She told the officer that her husband left home two days after their marriage and that she supposed he was working in the San Ramon Valley.

ERNEST MARTIN IMPROVING

Ernest Martin of 436 Ninth street, member of Richmond Chapter of DeMolay, is reported to be improving at the Fabiola hospital from a recent operation on his arm. Young Martin, who had to have his right leg amputated six months ago, is suffering from a broken blood vessel. His many friends hope for his speedy recovery.

ARBUCKLE MAN TANGLES WITH COP OF ALBANY

Billy, Provided by New Law, Is Used On Head of Fred Schutz

GETS HOSPITAL TREATMENT

Violating Speed Law and Resisting An Officer Placed Against Man

The new state law once more permitting police officers to use the "billy" went into effect Thursday at midnight.

Ample proof that the officers have lost no time in arming themselves with the efficient weapons and wielding them with joyous abandon upon the heads of alleged law breakers, can be furnished by Fred Schutz, 46 Arbuckle farmer, who last night was badly beaten in a mix-up with Frank Davis, Albany traffic officer, in which a "billy" was used for probably the first time since the new law went into effect.

His scalp badly lacerated as a result of a run-in with the Albany traffic officer, Schutz today faces charges of speeding 36 miles an hour in a 15-mile zone, and also resisting an officer of the law.

Schutz's arrest followed a chase from Main street, Albany to a point just north of the county line, about 7 o'clock last evening. Driving a big Duesenberg touring car, he is alleged by Officer Davis to have driven through the 15-mile zone at a rate of speed far in excess of the limit. (Continued on Page 5)

Overall Girls Not Welcome At Sacramento

SACRAMENTO, July 24.—Sacramento may smile tolerantly and even admiringly on sleeveless women, rolled hosiery, abbreviated skirts and numerous other appurtenances to feminine beauty, but there's a limit to everything, and the police decided today that flappers in overalls simply will not be permitted on the streets. This momentous decision was reached when pretty Ethel Brock, 22, and her two sisters, Alberta, 20, and Olive, 18, vacation makers from Salt Lake City, were temporarily placed in custody because they argued that "dresses are too cumbersome" and insisted on sleeping on the Capitol Park lawn in the garb of hobos.

"I shant allow them to wander around on our streets dressed as they are," said Acting Police Chief T. N. Koenig, emphatically. "If they stay in Sacramento they'll have to dress like women."

TAKING AWAY THEIR LICENSES

Under a new law in the state of Michigan, the license to drive a car may be taken from any person found guilty of being intoxicated in the act of driving. That's a fine law, and we are glad that it is being applied in many places.

The most dangerous person at large is the one who attempts to guide a car while he is drunk. Imagine what is apt to happen in such cases. With cars on all sides of him he would be miraculously guided if he escaped running into someone. He would be worse than a madman with a knife.

So the law takes him into account, and to prevent further danger from him takes away his license. He cannot operate a car after that until the term for which he is deprived of his authority to drive has expired.

And there are a lot of these drunken drivers still doing business at the wheel. They will all be apprehended in time, as every one will be reporting them. Booze has been the cause of many automobile accidents that have been credited to poor steering devices, whereas it ought to have been to a bad steerer.

Take the license away and padlock the places wherein booze is being distributed.

LEARNING TO SWIM

Every boy and girl ought to learn to swim. Daily, throughout the summer season, one reads of deaths from drowning, these often occurring where the water is only a few feet deep. The art is easily acquired and a teacher can be found in every group of youngsters. Confidence is the main requirement.

In these days of Boy Scouts and numerous other out-door organizations, everyone who desires can soon learn how to keep afloat in the water, and all should know how. Every parent ought to see to it that the children learn swimming at an early age. Once learned it is never forgotten.

READ THE COMICS

The lowly newspaper comic strip, looked down upon by the elite and scorned by the highbrows, is a good thing from a hygienic standpoint, according to D. Frederick W. Steward, neurologist, who did not hesitate to say so in a recent address. The comic strip soothes the nerves and puts us into a better temper according to Dr. Steward.

"People whose ire is easily aroused, who fly into rage on the slightest provocation are candidates for nerve exhaustion and brain lag," Dr. Steward said. "A calm, even temperament is an invaluable health asset."

"I advise neurasthenics to look for the funny side of life. The liberal sprinkling of our newspapers with comic strips is a decidedly beneficial thing from a health standpoint."

Senator Norris of Nebraska declares that people would do well not to belong to political parties. The Senator grants himself that luxury only one day in every six years: the day he runs for re-election to the senate as a republican. He has never permitted his enthusiasm as an independent to carry him to the point of running on an independent ticket.

The Quill's the Thing to Trim the Smart Midsummer Hat of Straw or Felt.

OUR country-bred grandmothers considered quills as a very poor sort of trimmings for hats. There was a real smack of elegance about ostrich in any form, but when all one had to do to get a quill for one's hat was to pluck one from the barnyard goose or turkey, then quills seemed commonplace. Swans also had very pretty quills, and from a crow one might obtain small, firm quills suitable for children's home-made dyes, trimmed a little and turned into quite presentable trimmings for an everyday hat—if you couldn't afford anything better.

Now of course many of us would have almost as much trouble to find a tame turkey or goose from which to pluck a quill as to meet an ostrich from which to gather a plume. And so quills are as highly esteemed as ostrich. Just at present quills of all sorts have come into prominence as a trimming for the little felt hats that persist in remaining in fashion. A wispy piece of ribbon or a jeweled ornament of some sort may be the sole trimming of your little felt hat.

Rather newer is a quill, or two or three. Sometimes the little shape

of bangkok or other lightweight straw is similarly trimmed. From one of the younger milliners of Paris comes a little hat or red picot, with abruptly upturned front brim which is lined with dark red felt. Against this felt brim, standing straight up pointing to heaven are six black and red quills in a row. These brightly colored quills are well liked, though sometimes they are merely tipped in gilt. Jenny has been making little felt shapes with a narrow brim turned down at the front and up at the back. She trims them with little quills placed at the side. A sport hat of beige felt, that a fashionable woman is now wearing, is trimmed with two quills, cut from natural colored velvet. The narrow binding of brown velvet edges the hat brim. Another clever little hat of oyster-colored felt, has two small, transparent quills of what appears to be bisulphur. Then there are quills made of galalith that really look exactly like goose quills, which have the distinct advantage in unsettled weather that they can go through any sort of shower or dampness without losing their freshness. And they are made in all the vivid new hues.

The sketch shows one hat of natural straw trimmed with gilded quills and another of sand colored felt with proud ostrich quill. It is sand colored spotted black.

A SKIN COLOR

ASHES of roses is spoken of as the smartest new color in Paris this summer. It has been featured at the resorts where many of the frocks displayed by prominent Paris dress-makers have been in that peculiar shade. The color has been described as "almost like that of a brunette's skin."

WHEN CAULIFLOWER COMES BACK

Cauliflower Fritters (Hot)
One cauliflower, some fritter batter, fat, grated Parmesan cheese, and red pepper. Boil the cauliflower, and break up into pieces. Dip these in batter until well covered, and then fry in boiling fat. Drain them well, and sprinkle with the grated cheese and pepper. Serve at once on a napkin. This is an excellent way of serving cauliflower which has been left over. Brussels sprouts are also delicious served as fritters.

Have ready a frying pan with the strips of bacon cut thin. Fry 3 minutes. When very hot, drop in the slices of liver, fry a few minutes one side, then turn and fry the other. Then remove the liver to a hot dish with the bacon; set the frying-pan over the fire, boil briskly and stir. If it has steamed off too much, add a few spoonfuls of boiling water, boil, stir, and pour over the liver. **Italian Salad:** Cut cooked carrots and turnips and cold roast beef in small cubes (one cup of each). Mrs. Ruth Neumomb, and Jack McGrath, worthy matron and worthy patron, respectively of the lodge for the year just past, were at the head of the officers who conferred the degree. Reay Run Down By Automobile

(By Universal Service)
SAN FRANCISCO, July 24.—Wallace Reay, 45, central figure in years of sensational lawsuits, and a son of a pioneer San Francisco family, came to the death today beneath the wheels of a Market Street Railway car, when he was struck by an automobile containing F. L. Lipman, president of the Wells Fargo Bank and Trust company.

The man was walking on Sutter street between Montgomery and Sansome when the accident occurred. Police reports of the fatality showed that Reay attempted to dodge an approaching street car. He stepped back from the tracks and was hit by the Lipman auto, proceeding down Sutter street toward the Ferry building. The impact threw him under the car.

The brakes were applied instantly by Motorman A. H. Calaudis, but not soon enough to save Reay's life. The fire department had to be called to extricate the body, by means of jacks. He was rushed to the Harbor Emergency hospital, but died shortly after.

A technical charge of manslaughter was placed against Ralph Carlisle 1693 Polk street, chauffeur for the bank, who was driving the machine. Witnesses of the accident exonerated him from all blame, but it was explained, this was the usual procedure of the police.

6 Candidates Initiated By Woodmen

With one of the largest crowds in history in attendance, and with exceedingly fitting ceremonies, a class of six candidates were initiated into Richmond Camp, No. 11622, Modern Woodmen of America, at the session held in Regimen's hall last night. Albert English, venerable consul, assisted by the officers of the lodge, and the drill team, under the captaincy of C. W. McCausland, performed the rituals of the initiation work.

National Organizer H. V. Reese, who resides in Oakland, but travels the length and breadth of the United States, was a distinguished visitor and principal speaker at the session. He gave a fine talk on his work, and about the lodge, and his efforts were received by hearty applause by all present.

J. H. Olaf, district deputy, who was until his appointment to that position a few days ago, an official of Fruitvale camp, was also in attendance. He too, gave an excellent talk for the benefit of the assembly.

All camps about the bay were represented at the ceremonial, and all were royally entertained by Richmond camp. Delegations came from San Francisco, Oakland, Berkeley, Fruitvale, Alameda and other cities.

Following the initiation, the meeting adjourned and everyone went to the banquet hall, where a sumptuous supper was served. C. W. McCausland, Frank Carroll and L. M. Johnson, were the committee in charge of the banquet, and they did their work in a most honorable way.

Nearly 40,000 Run Foul of The Automobile Laws

SACRAMENTO, July 24.—Speeding, reckless driving and other infractions of California's motor vehicle laws brought grief to a total of 37,521 motorists during the first six months of 1925, according to a report which shows this number of persons were convicted during the period and given either fines or jail sentences. Speeding was responsible for the conviction of 25,192, while 5,855 paid the penalty for reckless driving. These two offenses constituted 87 per cent of all convictions.

Violators convicted for the period showed an increase of 1029 over the first six months of 1924. This is attributed by division officials to increased efficiency of the state's traffic forces which were recently reorganized. The report is based on abstracts received from the various courts throughout the state by the division. The total would be swelled several thousand if complete returns were available. A number of courts, notably some in San Francisco, do not comply with the law in making report of convictions, he added.

Licenses of 171 persons were revoked during the period. Seventy-three of these lost licenses for driving while intoxicated and 60 others lost them because of three convictions for speeding.

Driving with bad lights caused the conviction of 3,341, violation of registration provisions 485, open containers, 1,457, and lack of operators cards 413.

"Old Home Week" Sure to Please Theater Patrons

Comedy, action and romance are ingeniously combined in "Old Home Week," the new Paramount production starring Thomas Meighan, which opened last night at the California theatre.

"Old Home Week" is something more than merely a vehicle for the exploitation of Mr. Meighan's magnetic personality and undeniable histrionic ability. It is graphic representation of the small town in all its glory.

The story, which was scenarized by Tom Geraghty, is an original one devised by George Ade, famed American humorist. It strikes out along broad new lines, develops a host of delightful complications, sweeps along to an exciting climax.

and finally winds up in a blaze of love and glory.

Mr. Meighan scores a distinct personal triumph in the part of the small town youth, who poses as a wealthy oil man. His performance is natural, sincere and tremendously human because he has taken the role and made it his own.

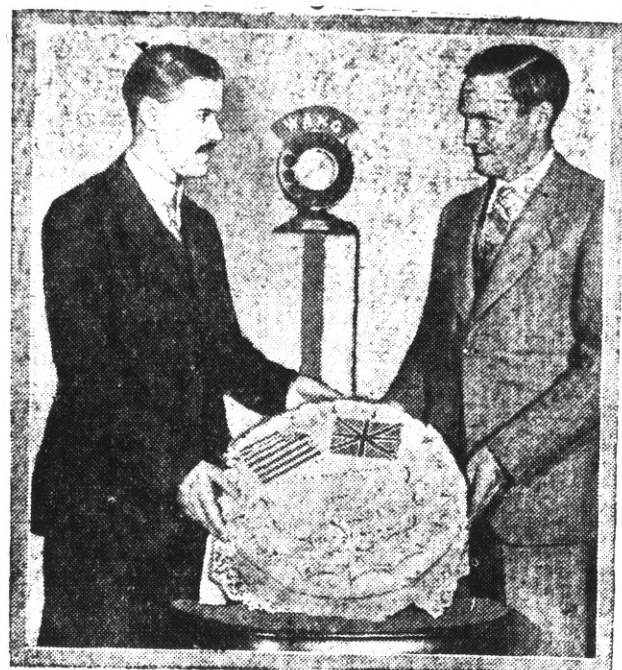

Victor Heerman, who directed the picture, has surrounded the star with a distinctive supporting cast, which among others includes Lila Lee, Larry Wheat and Charles Dow Clark. Other features on the same program include "Call A Cop," a Christie comedy; "Felix Grabs His Grub," a Felix the cat, comery; International News.

Cruel Treatment Cause of Divorce

Barba S. Bento, managed to stand her husband's cruel treatment for a long time, but when Manuel J. Bento left the family ranch home at Byron for a trip to Newman in October, 1920, but made said trip via the Azores Islands and Portugal, returning in August, 1921, Mrs. Bento thought that was a little too much. Consequently she sued Bento for divorce on grounds of cruelty and Judge H. V. Alvarado on Friday awarded her the decree, custody of her three children and \$45 per month for their support.

THE BERTILLON SYSTEM
This system of identifying criminals, in general use until the introduction of the finger-print method, was invented by Alphonse Bertillon of Paris in 1879. He based his system on the unchangeableness of the human body after the age of twenty, particularly the lobes of the ear and the length of the fingers.

Packed House At "Single Wives" At Richmond

Those who appreciate drama of the more subtle variety, who appreciate a strong heart-rending story with a powerful theme, excellent enacted, will find all this and more in "Single Wives," the first National picture which opened last night at the Richmond theatre for a two days run.

"Single Wives," dealing with a class of women common to our present day existence, who are virtually forced to seek attention away from their own firesides because of the indifference of their husbands, can be considered one of the most powerfully dramatic pictures dealing with contemporary home life, that has come to Richmond in months.

The impelling feature of the picture is the highly entertaining and truly story that it unfolds.

In the character of Betty Jordan, a misunderstood bride, Corrine Griffith has a sympathetic role suited to this popular film beauty. Milton Sills, who is co-featured, is excellent in the difficult characterization of the busy husband, who is so wrought up in making dollars that he fails to note that his wife is drifting away from him.

Other features on the same program include the third thrilling chapter of "Days of '49," featuring Neva Gerber and Edmund Cobb; "Felix the cat comedy."

Highway Maps Near Concord

Motorists through Central Contra Costa will in the future be guided by huge signs erected at the side of the Highway by the Concord Chamber of Commerce.

The maps have been placed at two points, where the heaviest stream of traffic enter the section. One is placed two miles below Pittsburg, where the Concord road is joined by the highway to Bay Point, and the other is just below Concord, where the road diverges into Martinez from Walnut Creek.

Painted by W. McInnes, the maps are weather proof. They not only picture the highways traversing the sections, but also illustrate some of the resources that are building pay rolls in Concord.

avenue, Oakland, on the afternoon of July 13, had been put up as security for the use of a rented car.

Further investigation led to the records of the Oakland school department when it developed, the police state, that Newman had given a fictitious address to the school department. Later, it was learned through police investigation that the lad's father, Samuel Newman, a tailor, had requested assistance of the police two weeks ago in locating the youth after he had run away from home.

He later was traced to Rio Vista, where his arrest was brought about by Chief of Police B. F. Becker of Piedmont. Following a lengthy questioning by the police yesterday afternoon Newman is said to have confessed that since January 1, he has been carrying on his work, as an afternoon burglar, working alone. Much of his alleged loot, consisting principally of jewelry, is said to have been sold at bargain prices to his school mates.

Ice Cream as a Food

CONTRIBUTED BY DR. E. BLAKE, Commissioner of Health, Richmond, California

Some people think of Ice Cream merely as a desert or delicacy but it is much more than this. It is primarily a health food containing all the food elements and vitamins or growth promoting principals of milk and so necessary to growing children and to the health of adults.

Ice Cream served in the City of Richmond is of good quality and produced under safe and sanitary conditions. The manufacturers of Ice Cream are co-operating fully with the Health Department in maintaining standards of cleanliness and purity of products, which are necessary to promote and safeguard the health of the community.

We live not alone for ourselves but for our children and a healthy body is the greatest gift we can give them. If we add to other healthy foods plenty of Ice Cream, winter and summer, we are giving our children and excellent food, presented in a most palatable manner. Ice Cream when properly made is a good food. It contains butter-fat, including pro-

teins and mineral matter as well as sugar and flavor. These constituents make it highly nutritious. Its generous fat and sugar contents insure a high caloric value. Its milk proteins are efficient builders of muscles and other tissues and its minerals furnish material for bones and teeth.

Ice Cream is a health food because it is a milk product. Milk contains lime, absolutely necessary for the child's teeth and bones. Lime is one of the necessary articles of food in which the average human diet is most deficient. Ice Cream is rich in lime and good for children and adults. It contains the best proteins possible. Proteins build muscle and tissue in growing children and repair them for grown-ups. Ice cream has butter-fat and sugar that gives energy and vigor to the body and brain. It is rich in vitamins that are essential to promote growth in children and to vitalize the system of adults.

Ice Cream promotes growth and health. This has been proven in different groups of children who were underweight and given a large dish of ice cream daily as part of their midday lunch. All these children showed a marked improvement not only in definite gains in weight but were much more alert and vigorous in their studies.

Ice cream is an economy food. It saves the time and energy in the preparation of rich pastries. Ice cream is a refreshing health food for all outdoor lovers. It is a treat at any time and always a health food. Every business man and woman should eat a dish of Ice Cream as a part of their daily lunch. You will feel better and be more efficient. The leading athletic trainers have ice cream regularly on the training table and the leading athletes eat plenty of it.

Pure cream and milk are the basis of all Ice Cream. This is first pasteurized by heating to a temperature of 145 degrees F. for 30 minutes in glass-lined containers, it is then run over metal coolers and reduced to 40 degrees F., from the cooler, it passes to the freezer where flavoring is added. When the mixture is partially frozen, it is drawn into cans and placed in the hardening or freezing room. Before these cans are used, they are thoroughly washed in boiling water and sterilized with steam. If the Ice Cream is put in packages, it is done by machinery and these packages are put in the hardening room. During this entire process of manufacture, no hand ever touches the Ice Cream.

Ice Cream is a health food for all ages and in all seasons.

Supreme Head Elks Honored By Local Lodge

William H. Atwell, of Dallas, Texas, who is the Grand Exalted Ruler of the Elks lodge, was the honored guest at a luncheon in the club-rooms of the Richmond lodge yesterday at noon. Atwell is now making a tour of inspection of the Eastbay lodges, and stopped over in Richmond for lunch. He came out from Berkeley, and after eating went as far as Pittsburg, returning to Oakland late last night.

Approximately 50 members of the antlered order of Richmond were in attendance at the affair yesterday, and they all heartily joined forces to show the high official a fine time. Atwell departed from Richmond declaring he had been royally entertained.

"CAP" LAWSON IS TACKLED BY DANIEL CUPID

"Jimmie" Lawson, Stanford football star, and life guard this summer at Long Beach, scored again yesterday against the field. He became the "life guard" of Isabel Evans of Long Beach who crowned his athletic record on land and sea, with a fervent "I will" in San Mateo county yesterday.

"Cap" Lawson, who headed the Stanford varsity in 1924 and played a spectacular end in the famous tie game with California last year, dashed through a line of surprised friends for the matrimonial goal.

Slipping out of Long Beach on a leave of absence two days ago, he met his fiancée at Redwood City, where the license was procured yesterday. While gridiron mates on the campus were still grasping at the record run, the ceremony was performed.

Miss Evans stole a march on the co-eds of Stanford. Lawson's friends say she is not one of the feminine rooters whose hearts used to pound when Jimmie tore down the field, but a Long Beach girl. They picture Cap Lawson in his lifeguard suit, ploughing the white-capped waves off the silver strand of the southern city to rescue some damsel in distress.

It was a romance of the beach, they say, with the moonlight music and soft lights off shore. Jimmie, minus his headgear, was bound to hearken to the whisperings of the little fellow who shoots arrows even straighter than Jimmie kicks goals. "Another tie for Stanford" says the rooters. "Jim Lawson has scored again."

GENE WILLING TO FIGHT ANY MAN SELECTED

Efforts Being Made to Obtain One Of The Country's Best Fighters

STIRLING MIGHT BE "IT"

Paul Berlangach and Jimmie Delaney Both Have Fights Already Set

Gene Tunney, American lightweight champion and the man who recently knocked Tommy Gibbons from the role of contender for the heavyweight championship, will be one of the contenders in the main event of the boxing show to be staged at the San Francisco baseball park September 7, during Diamond Jubilee Week. This was the information divulged yesterday by Harry Morrison, promoter of the Mission Athletic Club.

According to Morrison, Tunney, through his manager, Billy Gibson, has agreed to box anyone the local promoters select as his opponent. Negotiations for the bout were opened two days ago when Morrison sent Gibson a telegram sounding the latter as to his willingness to arrange such a match.

Morrison stated yesterday that he had already tried to secure Jimmy Delaney for the bout but that his present understanding was that Delaney had already made tentative arrangements for an Eastern fight on the date mentioned. Delaney and Tunney have already boxed two fast ten-round no-decision contests.

Another already queried as to his willingness to meet Tunney is "Biff" Paul Berlangach. Berlangach likewise has a previous engagement, however.

Morrison stated he is now angling for Young Stirling as Tunney's opponent. It is known that Stirling is bound for this city and those who pretend to "know" have it that he will meet Tunney.

Stirling fought Tommy Lougran at the ball park recently, both boxers making a rather miserable showing due to the holding and stalling tactics they employed. Close followers of the game however, state that the holding prevented Stirling from showing his best efforts and that in a bout against Tunney he would probably be a revelation.

Wills Defeats Mary Browne In Tennis Finals

MANCHESTER-BY-THA-SEA, Mass., July 24.—Miss Mary K. Browne of Santa Monica, former national women's champion, went down to defeat at the hands of Miss Helen Wills national and Olympic women's title holder, in the final round of the women's singles at Essex Country club, today. The score was 6-2, 6-1.

Miss Wills was at no time severely pressed by her Santa Monica rival. The only time that Miss Browne showed to advantage was in the first set, when after Miss Wills had won the first game, she staged a rally and captured the second and third games from the national champion.

This spurt was short-lived for Miss Wills came back and won the next five games and the set.

The only game captured by Miss Browne in the second set was the fourth.

Miss Wills fast service and looping drives completely baffled the Santa Monica player.

Lloyds Raise Rates Against Channel Swim

(By Universal Service)
 LONDON, July 24.—So languine are American supporters regarding Gertrude Ederle's chances of swimming the English Channel that Lloyds have raised the "insurance" rates against her success five to fifteen percent. During the last few days hundreds of such insurance policies have been written by Lloyds.

GOOSE GOSLIN, SENATORS' BATTING STAR, DECLARES HE CAN SWIM LIKE A DUCK

To prove his assertion, the heavy hitting outfielder, who has done much to keep the world's champion Washington Senators at the top of the American League again this season, went to the Wardman Park pool in Washington the other day. He is shown in the photograph above, just as he was about to dive from the springboard.

Volleyball Is Again Popular At Richmond

The business men's gym class of the Y. M. C. A. has turned out a pair of fine volleyball teams this summer. One of them is captained by Isaac Lester, and the other has Zeb Knott as its head. Last night the two fives met in six fast games on the Y floor with Knott's men taking four out of the six sets. The scores were as follows, with Knott's scores being first: 15-1, 15-4, 15-6, 15-8, 8-15, 15-11, 13-15.

The losers couldn't get started in the early frames, but toward the last when they got their muscles working good, they showed their opponents a few of the finer points of the game.

Lester declared he is not through with the other outfit yet, and states that other games are coming in the offing.

The line-ups are: Zeb Knott, captain; Claude Downing, C. E. Parker, Hall Vestal, W. J. Richards, Jr., Isaac Lester, captain; H. A. Johnston, J. E. Hill, M. H. Greenlee, A. W. Mueller.

Sport Writers Select Greb As Dempsey's Foe

CHICAGO, July 24.—Harry Greb, middleweight champion of the world, was selected as the opponent for Jack Dempsey at the proposed Michigan City battle on September 19 or 26, by representatives of the press gathered here tonight. The selection was unanimous.

The names of Gene Tunney and Harry Wills were considered at the outset of the meeting, but Dempsey eliminated them until 1926.

EARLY TRIALS FOR AMERICAN TENNIS TEAM

NEW YORK, July 24.—Informal tryouts for places on the American tennis team which will defend the Davis cup this year will be held at Forest Hills the week of August 3.

Since all of the outstanding stars of the East and West will be on hand at that time, preparing for the annual intersectional tournament, August 7 and 8, the Davis Cup Selection Committee decided to seize an early opportunity to inspect its material for the challenge matches, September 10, 11 and 12, at Philadelphia.

Little doubt exists over the selections to be made for the singles, with William T. Tilden slated for the number one position, and either William M. Johnston or Vincent Richards standing out as candidates for the other place, so that the committee will concentrate its efforts on forming an effective doubles combination.

There are indications that considerable juggling will be done before determining the best combination. Tilden and Johnston are not elected for the singles, but here again uncertainty enters.

Besides the big three, the committee have an opportunity to pass on the abilities of such other stars as the Kinsey brothers, present national doubles champions; R. Norris Williams and Watson Washburn, a former cup combination; Ray Casey and John Hennessey, the Wimbledon runners-up this year; George Lott and others.

What My Neighbor Says

Is of interest to Richmond folks.

When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ills—and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of the many thousands, but it is that of a Richmond resident. Who could ask for a better example?

Mrs. G. Schiltz, 1309 Bissell avenue, says: "I suffered from the effects of kidney trouble. I had a constant ache in my back and when I was hanging up clothes, sharp pains caught me and nearly doubled me up. I awoke mornings feeling more tired than when I went to bed. I suffered from pains in my head and dizzy spells. Doan's Pills gave me relief and helped me in every way."

FOUR YEARS LATER, Mrs. Schiltz said: "My faith in Doan's is as strong as ever. I still use them when my kidneys trouble me and they never fail to do me good."

Mrs. Schiltz is only one of many Richmond people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Schiltz had—the remedy backed by home testimony. 60 cents at all dealers. Vin Richards Beats Jap Star In N. Y. Play

By GEORGE E. TIMPSON,

NEW YORK, July 24.—Vincent Richards, second ranking player of the world, settled an international question in quick time this afternoon when he eliminated Takaichi Harada, leading player for Japan, in the fifth round of the Metropolitan championship at the Crescent A. C. in Brooklyn. The score was 6-3, 6-0; and the match only lasted twenty-five minutes.

TUBERCULOSIS OVERCOME

Oakland, Calif.
April 28, 1925.
For about three years I suffered from a bad cough and sore chest. I tried many doctors, all of whom pronounced my case Tuberculosis. My spirit was examined and showed tubercular germs. As I found no improvement from any of the treatments that I took, I decided to give the FONG WAN HERB a test, as a last resort. After having drunk the herbs for four months, I was a well woman and had gained in weight. A year has elapsed since I began to take the FONG WAN HERB on April 16, 1924, but today, I am still well and have no sign of my former complaints. (Signed) MRS. A. ACKERMAN, Fort Bragg, Calif. SCOTT HANGING IS POSTPONED SECOND TIME

Universal Service Staff Correspondent
CHICAGO, July 24.—Russell T. Scott, snatched from the gallows a second time by a clever legal technicality—insanity—within twelve hours, today found himself believing that he truly is becoming insane.

At two o'clock this morning, four hours before he was to hang for the murder of Joseph Maurer, Scott protested against his aged father's plea, which won him his second "last minute" reprieve in a week.

"I'm as sane as can be," he cried out. "I'm no more crazy than the judge who granted the writ."

At noon today, flushed with the hope of a new lease on life, the condemned man told his questioners: "I don't know whether I'm sane or not. I've been in jail here for sixteen months. It must have affected me. I don't see how any one could be in jail sixteen months under such circumstances and remain rational."

The new "chance" granted him "at the last moment," when Judge Joseph David ordered a stay of execution on the insanity writ filed by William Scott Stewart, noted criminal attorney, who was retained by a group of wealthy Detroit clubwomen, only spurred the prosecution to renewed efforts to clinch the death verdict which was twice won in court trials.

The hearing on Scott's "insanity plea" is to be held August 3.

The sensational fight which the condemned man and his family have waged for the past six weeks since the Illinois Board of Pardons definitely refused to intervene and Governor Small denied any executive clemency, became a national battle as the date of execution drew near.

Citizens of Windsor, Ontario, and Detroit raised a \$5,000 "Scott defense fund" to engage the most bril-

To Supervise Conduct Homes For Old Folks

More than 180 old folk's homes in California, which heretofore have been supervised by any State body yesterday came under the jurisdiction of the newly-created State department of Public Welfare. After organizing at the State building, officials of the department announced that they will today begin an investigation of the institutions with a view of securing those properly conducted and putting the others out of business.

The Public Welfare Department will today also request the State Insurance Commission to investigate the financial stability of all homes accepting annuities from applicants who expect to spend their declining years in a home. Institutions found not financially stable will be denied the privilege of accepting annuities from applicants.

The officials of the new State body are the same as of the former State Board of Charities and Corrections, which yesterday under a new law, became the Department of Public Welfare.

LICENSED TO WED

Jack M. Martin, 28, of Richmond, and Mary B. Sopha, 18, of Oakland, were granted a marriage license Thursday in San Rafael.

Want legal talent to make a final, desperate plea.

The converted effort to stay the execution involved what is now believed to have been a second hoax. From Port Huron, Michigan, it was reported that a man identifying himself as Robert Scott, brother of the condemned man, and sought as the actual slayer of Maurer, was on his way to surrender to Chicago authorities. It was a replica of the hoax, the authorities declared, which stayed the hand of the executioner a week ago when James Ball, a sympathetic telegrapher at Detroit, wired in Robert Scott's name that he would surrender.

AMNESIA VICTIM FORGOT HE ESCAPED FROM PRISON; NOW WILL BE DEPORTED

UNIVERSAL SERVICE

ATLANTA, Ga., July 24.—Deportation has been asked for Charles L. Clements, a British subject, and amnesia victim who was recently found wandering about the streets of Atlanta unable to tell his name, or to remember anything about himself.

His original sentence was two years, but he saved his way to liberty, and was again charged and convicted of burglary this time getting three years.

SUSPECT IS HELD FOR SLAYING OF 10 YEAR OLD BOY

BRUCH, Colo., July 24.—What Morgan county officials believed to have been a murder was disclosed here today with the recovery from a pond two miles south of Brush of the body of Frankie Meyers, aged 10, son of Mr. and Mrs. Frank C. Meyers of Kansas City, Mo.

A gunny sack covered the boy's head and both his hands were tied. Henry Markle, 17, of Brush, was arrested and taken to the county jail at Fort Morgan where officers claim he declared he "did not know why he did it."

Mrs. Meyers, an actress, was taking a part in a performance being staged here by a stock company. Her husband is said to be connected with a theatre company in Kansas City.

MORO TROUBLE IS CHARGED TO WOOD

MANILA, July 24.—Mannuel Quezon, president of the Senate yesterday in a fiery speech attacked Governor Leonard Wood's message in which the governor blamed the Filipino nation for the Moro troubles.

"It is not the Filipino nation that is responsible for the trouble," Quezon declared, "but the responsibility rests with the administration's policy."

"Under the Harrison administration all was peaceful in the islands. Last year, with Governor Wood at the helm, there was 124 clashes with the constabulary."

Arbuckle Man Tangles With Cop of Albany

(Continued from Page 1)

Davis gave chase and overhauled his man near the county line, and then proceeded to offer Schutz the customary five-day citation to appear in court. The latter is said to have refused to accept the citation, also refusing to get out of his machine when Davis ordered him to accompany him to the city jail.

When Davis jumped upon the running board and attempted to forcibly expel the alleged speeder, Schutz is said to have kicked the traffic officer into the street. Davis retaliated by drawing his "billy" and hitting Schutz over the head several times and until he was completely subdued.

Discovering that Schutz required medical treatment after all hostilities had stopped, Davis put the injured man into his own machine and took him to the Berkeley general hospital, where he was treated for lacerations of the scalp.

Davis then took his prisoner back to Albany, where he appeared before Judge John H. Paul of the recorder's court to answer charges of speeding and also resisting an officer. He was released upon \$50 bail and will appear in court July 29.

F. OF A. TO SUPPORT ANTHRACITE MINERS

ATLANTIC CITY (N. Maurer, head of the Pennsylvania organization, on his arrival here between anthracite operators and miners.

Maurer denied that his presence at the conference indicated the situation here has become acute.

Acrimonious discussion of the "check-off" system and the 10 per cent wage increase demanded by the miners featured today's session.
